Survey Administration Release Form

Under Alaska law (AS 14.03.110), school districts are required to obtain written permission for certain surveys or questionnaires that will be administered during the upcoming school year. Notification and opportunity for review of any survey will occur no less than two weeks prior to administration. The Craig City School District encourages you to review the survey for content and appropriateness at that time.

At this time, the Craig City School District is planning to conduct the following survey during the 2013-2014 school year. Notification of any additional surveys will be given as soon as possible.

1. National Indian Education Study (NIES) [4th and 8th Grade]
2. School Violence Assessment Survey [Middle School]
3. Youth Risk Behavior Survey [Middle School]
4. SEARCH Institute Asset and Resiliency Survey [Middle School]

I understand that as the parent or legal guardian of this student, I may review any of the above survey instruments and determine the appropriateness of the survey in relation to my student. I can remove my student from the survey administration.
