AUTHORIZATION FOR EMERGENCY MEDICAL TREATMENT

As legal custodian of _____, a minor, I hereby authorize the principal or his/her designee, into whose care the aforementioned minor pupil has been entrusted, to consent to any x-ray, examination, anesthetic, medical or surgical diagnosis, treatment, and/or hospital care to be rendered to said minor upon the advice of any licensed physician and/or dentist.

I understand that this authorization is given in advance of any required diagnosis, treatment, or hospital care and provides authority and power to the aforementioned agent(s) to give specific consent to any and all such diagnosis, treatment, or hospital care which licensed physician or dentist may deem necessary.

This authorization shall remain effective for the full school year unless revoked in writing and delivered to said agent(s). I understand the Craig City School _____ District, its employees and its Board (1) assume no liability of any nature in relation to the transportation or treatment of said minor, and (2) is not responsible for the medical bills in the event of an injury to my child.

RE: Student Injuries and Insurance

Dear Parent:

We have obtained Student Accident Coverage through the AMLJIA **(at no cost to you)** for some accidents that occur during school activities, to help with the cost of medical treatment not covered by other insurance you may have. Your child's school is NOT responsible for any medical bills should your child become injured at school - this means that you are responsible for any medical charges not covered by insurance on your child. This "school-time" coverage is designed to cover some, but not all, of the possible charges. A Description of Benefits is enclosed for your reference.

This coverage will help you pay up to $25,000 in the event of a covered accident, and takes effect only after any other medical insurance that is available, has paid. If this coverage is used, you will be responsible for a $50 deductible per accident and for the remaining 20 percent of the hospital and medical costs. In some cases there may be no deductible if other primary medical insurance is in effect. If your child does have other health coverage, student insurance may also be used to help pay those eligible charges not covered by other insurance (i.e. deductibles and co-payments).

Please sign and return the Authorization for Emergency Medical Treatment form to the school office immediately. This is important to protect the health of your child in the event of an injury. Also, please review the description of benefits carefully. If you have any questions, I encourage you to contact your school district office.

If you are interested in finding out how to purchase a low-cost 24-Hour Accident Plan, Catastrophe Plan, or Health Care Plan for your child, I encourage you to call Myers-Stevens & Toohey & Co., Inc. at 800-827-4695.

Thank you for your prompt attention to this matter.
